

Pastry and food for this pop up, nearly all items contain gluten/dairy/and or egg. Please let us know about allergies prior to ordering. (*items mean to stay only)

Coffee. All coffees are described by their roaster, farm name, and perceived tasting notes by the roaster and/or jellyfish staff. This is

a very detailed (and frankly-a ridiculously, awe inspiring) menu for a popup cafe but please do not be overwhelmed. Be excited for the adventure. If you have any questions please ask us and we will help you pick the best items for you!

Chocolate is easy. Hot chocolates and mocha!

Tea has two sections (leaf and matcha). These are premium products, and for some, can be brewed 4-6 times when staying.

Bottled. Ready to drink beverages ready to go out of the bottle or over ice!
